SKILL ENHANCEMENT

PROFESSIONAL NETWORKING

COMMUNITY AND COLLABORATION
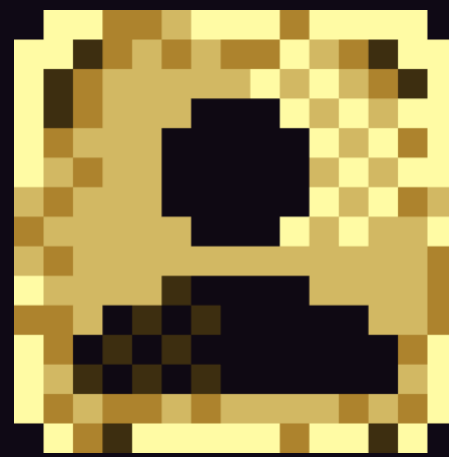

PERSONAL AND PROFESSIONAL GROWTH

HOW TO PARTICIPATE?

UNDERSTAND THE REPOSITORY

OSS101

This repository is designed to help enthusiasts of all levels—beginner, intermediate, and advanced—navigate the vast landscape of open source contributions.

ADVANCED

INTERMEDIATE

BEGINNER

"

Before diving into open source, it's essential to understand the fundamentals.
If you're new to open source, start your journey [here](). This section covers the basics, providing step-by-step guidance to help you make your first contributions.
Challenges mentioned in this sub directory will help you score +1

BEGINNER

"

If you're an intermediate contributor looking to make meaningful contributions, you're in the right place. Dive into intermediate topics that explore more advanced contribution strategies, project maintenance, and scaling impact within the open source community. Challenges mentioned in this sub directory will help you score +3

INTERMEDIATE

"

Tailored for advanced contributors who are passionate about open source and want to make a meaningful impact. Whether you're an experienced developer or a seasoned open source contributor , you are at the right place. Challenges mentioned in this sub directory will help you score +5

ADVANCED
